

Community Case Manager Job Description

Position Title: Community Case Manager

Position Summary

The Community Case Manager conducts outreach activities and provides case management to persons who are experiencing homelessness and may be in the following settings: encampments, on the street, places not meant for human habitation, meal programs and day centers. The Community Case Manager focuses on serving homeless individuals with a serious mental illness or co-occurring substance use disability. The focus of this work is to connect clients with resources and services to assist them in stabilizing their homeless, mental health and primary health situations. Through case management support, individuals experiencing homelessness are aided in resolving their immediate basic needs and establish housing plans. This includes immediate safe placement in emergency shelter, placement through Coordinated Entry and/or placement in a short term, subsidized hotel. Each placement will be partnered with comprehensive case management services and include crisis intervention, comprehensive assessments and establishment of plans with goals focusing on housing, income and health and well-being. The Community Case Manager will maintain the client relationship and activities toward goal attainment until the individual is safely housed, care is transferred to another provider or if the individual chooses not to continue services.

Position Responsibilities
