

NEVERMORE

Batterers' Prevention and Intervention Program

Do you:

- Physically hit, abuse, or restrain your partner when you are angry?
- Intimidate your partner so that they are scared of you?
- Force your partner to have sex with you?
- Throw things or damage property when you fight?
- Control or monitor where your partner goes, who they talk to, and who they contact on social media?
- Feel you need to put your partner in their place?
- Have a hard time controlling your anger when someone calls you a name, shows you disrespect, or challenges you?
- Get into fights or arguments when you are drunk or high?
- Want to be a better dad to your kids?

Did you:

- Grow up in a home that taught you to solve problems with violence?
- Get hit or bullied when you were young?
- Watch your dad or another relative hit your mom?
- Learn that it's OK to hit a woman or child?
- Survive traumatic events when you were a child?
- Get arrested because you were in a fight?

NEVERMORE

Batterers' Prevention and Intervention Program

Nevermore Batterers Prevention and Intervention Program, part of Community Advocates' Milwaukee Women's Center division, aims to end and prevent intimate partner violence by addressing the motivations and behaviors of men who are physically, sexually, and/or emotionally abusive with their partner or children. Through intensive group and individual sessions, counselors help clients to learn the core values of respect and personal responsibility with the goal of stopping their violent or abusive behavior in all forms.

The Nevermore Program includes:

- 23-33 group sessions for first-time participants, plus individual counseling and art therapy
- Programming at Community Advocates' Downtown Milwaukee and Fond du lac Avenue offices
- A zero-tolerance maintenance group for Nevermore graduates
- Alcohol and other drug (AODA) individual and group sessions
- Referrals to the Milwaukee Fatherhood FIRE program at Community Advocates
- Home and office visits with clients and probation and parole agents
- Intervention and prevention services for adult and young men in same-sex relationships
- Access to Community Advocates' support services, such as housing assistance, job training, energy assistance, and case management services
- Enrollment is accepted by appointment and referral.
