

Milwaukee Continuum of Care Request for Proposal Questions

October 20, 2025

General Questions

1. There wasn't a specific font listed, only minimum of 11pt. Was there a specific preferred font?

A: There is not a specified font required for the application response.

2. The cover page doesn't state if it is supposed to be included in the 5-page limit for the RFP narrative.
 - a. Application Cover Page: The application page is the first page of the application. Please see the form in this packet or replicate the form and complete all items. The application page also requires a brief project abstract (250-word limit) that should include goals, objectives, expected outcomes and target population. The form must be signed by an authorizing official of the organization, i.e. board chair or executive director.

A: The application cover page will not be included towards the page count for the 5-page limit of narrative responses.

Collaborative Applicant Specific Questions

1. I want to understand the difference between the questions on pages 4-5 and the questions on pages 8-9. I took it as pages 4-5 as the true questions and format, and the list on pages 8-9 is more instructional and in some cases adds a little more context to some of the questions. Is that right? I also noticed that on pages 4-5, item 5 has a subpoint f, but on pages 8-9, item 5 ends with subpoint e. I would assume that we should respond to subpoint f but hate to assume anything.

A: The questions on page 4-5 were meant to be the true questions, and the questions on page 8-9 were part of the template and did indeed provide a little more context. I would encourage applicants to look at both sets of questions and respond to all points.
